INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
Journey Through Hallowed Ground Partnership
Waterford, Virginia

Report on the Financial Statements

We have audited the accompanying financial statements of Journey Through Hallowed Ground Partnership (the Organization), which comprise the statements of financial position as of September 30, 2020 and 2019, and the related statements of activities, functional expenses and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Journey Through Hallowed Ground Partnership as of September 30, 2020 and 2019, and the changes in its net assets, functional expenses and its cash flows for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

JOURNEY THROUGH HALLOWED GROUND PARTNERSHIP

Notes to Financial Statements

Note 1. Organization and Nature of Activities

Journey Through Hallowed Ground Partnership (JTHGP) is a nonprofit organization which was formed in June 2005. The JTHGP is dedicated to raising national and local awareness of the history in the region from Gettysburg, Pennsylvania through Maryland, to Monticello in Albemarle County, Virginia. Its mission is to promote and support civic engagement through history education, economic development through heritage tourism, and the preservation of cultural landscapes in one of the nation's most important historic regions.

The National History Academy has been developed by Journey Through Hallowed Ground National Heritage Area, a 180-mile corridor from Gettysburg, Pennsylvania through Maryland and Harpers Ferry, West Virginia to Monticello in Charlottesville, Virginia. The mission of the National History Academy is to foster an understanding of key events, people and issues in the country's history and to engage our nation's future leaders in the rights and duties of American citizenship through place-based, experiential learning.

Beginning around March 2020, the COVID-19 virus has been declared a global pandemic as it continues to spread rapidly. Business continuity, including supply chains and consumer demand across a broad range of industries and countries could be severely impacted for months or beyond as governments and their citizens take significant and unprecedented measures to mitigate the consequences of the pandemic. Management is carefully monitoring the situation and evaluating its options during this time. No adjustments have been made to these financial statements as a result of this uncertainty.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Organization have been prepared on the accrual basis of accounting. The significant accounting policies followed are described below to enhance the usefulness of the financial statements to the reader.

Classification of Net Assets

Net Assets Without Donor Restrictions – Net assets available for use in general operations and not subject to donor restrictions.

Net Assets With Donor Restrictions – Net assets subject to donor-imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. Gifts of long-lived assets and gifts of cash restricted for the acquisition of long-lived assets are recognized as revenue when the assets are placed in service. Donor-imposed restrictions are released when a restriction expires, that is, when the stipulated time has elapsed, when the stipulated purpose for which the resource was restricted has been fulfilled, or both.

Notes to Financial Statements

Cash and Cash Equivalents

For purposes of the statement of cash flows, the Organization considers amounts in checking and certificates of deposit to be cash and cash equivalents.

Accounts and Pledges Receivable

Unconditional pledges receivable are recognized as revenues in the period the pledge is received. Conditional pledges receivable are recognized when the conditions on which they depend are substantially met. Any accounts receivable are primarily from fees due from program services. Management has determined that pledges and accounts receivable are fully collectible; therefore, no allowance for uncollectible accounts is considered necessary.

Property and Equipment

Purchased property and equipment are capitalized at cost. Donations of property and equipment are recorded as contributions at their estimated fair value. Property and equipment are depreciated over the estimated useful service lives ranging from five to ten years for furniture and equipment and ten to twenty years for building and improvements using the straight-line method.

The Organization capitalizes property and equipment acquired with a value in excess of \$1,000. When the assets are sold or disposed, the cost and corresponding accumulated depreciation are removed from the accounts with any gain or loss reported in the statement of activities. Maintenance and repairs that do not improve or extend the lives of property and equipment are expensed as incurred.

Contributions

Contributions, including unconditional promises to give, are recorded as made. All contributions are available for use unless specifically restricted by the donor. Conditional promises to give are recognized when the conditions on which they depend are substantially met. Unconditional promises to give in future years are recorded at their net realized value.

Donated Noncash Assets

Contributions of donated noncash assets are recorded at their fair value in the period received. Contributions of donated services that create or enhance nonfinancial assets or that require specialized skills, are provided by individuals possessing those skills, and would typically need to be purchased if not provided by donation, are recorded at their fair values in the period received.

Notes to Financial Statements

Public Support and Revenue

The Organization receives contributions from the general public. Unless specifically restricted by the donor, all contributions are considered to be available for unrestricted use.

The Organization receives grant funding from government agencies for various purposes. Grant revenues not yet received are accrued to the extent unreimbursed expenses have been incurred for the purposes specified by an approved grant. The Organization defers grant revenues received under approved awards from grantors to the extent they exceed expenses incurred for the purposes specified under the grant restrictions.

Advertising

Advertising costs are expensed as incurred. Total advertising costs for 2020 and 2019 were \$73,518 and \$69,799, respectively.

Income Tax Status

The Internal Revenue Service has determined that the Organization is exempt from income tax under Section 501(c)(3) of the Internal Revenue Code. The Organization will be taxed only to the extent it has taxable trade or business income unrelated to its exempt purpose.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Notes to Financial Statements

Functional Allocation of Expenses

The costs of providing program and other activities are summarized on a functional basis in the statements of functional expenses. Certain costs have been allocated among program services, management and general and fundraising. Such allocation have been made by management on an equitable basis. The expenses that are allocated include the following:

New Accounting Pronouncement

In June 2018, Financial Accounting Standards Board (FASB) issued ASU 2018-08, Clarifying the Scope and the Accounting Guidance for Contributions Received and Contributions Made. This standard assists entities in evaluating whether transactions should be accounted for as contributions or exchange transactions and determining whether a contribution is conditional. The Organization has implemented the provisions of ASU 2018-08 for contributions received in the accompanying financial statements under a modified prospective basis. Accordingly, there is no effect on net assets in connection with the Organization's implementation of ASU 2018-08.

Notes to Financial Statements

Upcoming Accounting Pronouncements

In February 2016, the FASB issued ASU No. 2016-02, Leases (Topic 842), which requires organizations that lease assets (lessees) to recognize the assets and related liabilities for the rights and obligations created by the leases on the statement of financial position for leases with terms exceeding 12 months. ASU No. 2016-02 defines a lease as a contract or part of a contract that conveys the right to control the use of identified assets for a period of time in exchange for consideration. The lessee in a lease will be required to initially measure the right-of-use asset and the lease liability at the present value of the remaining lease payments, as well as capitalize initial direct costs as part of the right-of-use asset. ASU No. 2016-02 is effective for the Organization for its year ending September 30, 2023. Early adoption is permitted. The Organization is currently evaluating the impact that the adoption of Topic 842 will have on its financial statements.

ASU 2018-08 (Topic 958) is effective for contributions made by the Organization for its year ending September 30, 2021. The Organization is currently evaluating the impact that the adoption of Topic 958 will have on its financial statements.

In May 2014, the FASB issued ASU No. 2014-09, Revenue from Contracts with Customers (Topic 606), requiring an entity to recognize the amount of revenue to which it expects to be entitled for the transfer of promised goods or services to customers. The update will replace most existing revenue recognition guidance in U.S. GAAP when it becomes effective and permits the use of either a full retrospective or retrospective with cumulative transition method.

ASU No. 2014-09 was effective for the Organization for the year ended September 30, 2020. Due to the COVID-19 pandemic, FASB has postponed the implementation for the Organization to the year ended September 30, 2021. Early adoption is permitted. The Organization is currently evaluating the impact that the adoption of Topic 606 will have on its financial statements.

Approximately 70 percent of the Organization's programs and operations are supported by governmental agencies and a single donor during the years ended September 30, 2020 and 2019. The Organization anticipates continued support for their programs but a reduction in funding could affect the level of program of activity.

On May 2, 2020, the Organization applied for and was approved a \$105,400 loan under the Paycheck Protection Program created as part of the relief efforts related to COVID-19 and administered by the United States Small Business Administration. The Organization is eligible for loan forgiveness of up to 100% of the loan, upon meeting certain requirements. The loan is uncollateralized and is fully guaranteed by the Federal government.
